## Flight Standards Department Review and Audit

Critical Path, Inc. provided Subject Matter Expert services to the Republic of Greece, Hellenic CAA, as a subcontractor to MITRE Corporation. The work involved the development of a Flight Standards organizational manuals and assistance in developing technical guidance and flight testing forms for a personnel licensing system to meet ICAO Annex 1 requirements.

Critical Path, Inc. was also tasked with reviewing the HCAA's current organizational structure and personnel assignments and responsibilities and develop recommendations for the modification of the organizational structure for the more effective use of HCAA personnel to accomplish the ICAO State of Registry and State of Operator responsibilities.

The work was conducted between December 1999 and February 2000.
